Product Description

Pioneer GPP550913 Walk Behind Edger

The Pioneer Pro gasoline-powered walk behind Edger is designed to provide precise edging along driveways, sidewalks, and landscaping or garden beds. A ReadyStart® equipped Briggs & Stratton® 550 Series engine delivers reliable and consistent power, allowing for clean, manicured lines that enhance the beauty of landscaping and keep grass at bay. Built for durability and ease of use, this edger is perfect for anyone seeking a high-performance, high-volume solution for maintaining crisp, defined lawn boundaries.

TOP FEATURES

- Powered by an easy-to-start and reliable 127cc Briggs & Stratton® 550 Series engine
