Product Description

Doolittle Trailers RS77167KMG Rally Sport Utility Trailer

SKU/Model: RS77167KMG

The **Doolittle Trailers RS77167KMG** is a highly versatile, tandem-axle **Rally Sport Utility Trailer** engineered to meet both everyday homeowner demands and light-duty commercial applications. Featuring generous **77-inch by 16-foot** deck dimensions, this model delivers an exceptional combination of premium structural strength, utility, and reliable payload transport. It provides a robust foundation for hauling zero-turn mowers, ATVs, landscaping supplies, and property maintenance machinery with total towing confidence. Built upon a heavy-duty **2" x 3" angle main frame** and matching crossmembers, this trailer stands out for its structural resilience. It comes standard with a **4-inch channel wrapped A-frame tongue** that significantly enhances towing stability over challenging, rugged terrain. Loading and unloading are made effortless by the innovative **4-foot tubed mesh rear gate**, which easily folds flat down to the deck when traveling empty. This smart design choice effectively reduces wind drag and dramatically **maximizes fuel efficiency** during transport.

Long-term environmental protection is guaranteed by Doolittle's signature **Epoxy Tuff finish**. This advanced coating process pairs a two-part epoxy primer with a premium two-component polyurethane topcoat, completely outlasting traditional powder-coat alternatives. Equipped with reliable **3500 lb. EZ Lube spring axles**, legal safety chains with weather hangers, heavy-duty Jeep-style treadplate fenders, and a premium **#1 grade 2x8-inch treated pine floor**, this utility trailer is fully prepared to deliver years of dependable, harsh-weather performance.

Key Features & Performance Benefits

- **Tubed 4' Mesh Gate:** Extremely rugged loading gate that folds completely flat to the deck surface to optimize fuel economy when empty.
- **4" Channel Wrapped A-Frame Tongue:** Provides robust structural integrity, drastically improving stability and safety under heavy load stress.
- **#1 Grade 2x8" Treated Floor:** Premium moisture-, rot-, and decay-resistant wood boards that provide a sturdy, long-lasting platform.
- **Epoxy Tuff Coating:** Advanced two-part primer and polyurethane paint shield that resists aggressive scratching, rust, and weather wear.
- **EZ Steps:** Integrated side steps allowing quick, comfortable, and safe payload access to the trailer bed.
- **Lifetime LED Lighting:** Fully sealed 4x4 rear bumper housing brilliant, long-lasting LED lights protected from moisture and elements.
